

REČ UREDNIKA

Nova redakcija imenovana krajem 2011. godine, ovim brojem debituje u naučnoj i stručnoj javnosti. Zbog velikog broja pozitivno recenziranih radova koji su „čekali“ na objavljivanje, odlučili smo da publikujemo, pre svega, tekstove iz zaostavštine starog uredništva, tako da je u koncipiranju ovog broja učestvovala i stara i nova redakcija. Pominjanjem broja preuzetih radova, ne prigovaramo prethodnoj redakciji, već skrećemo pažnju da je prethodna, kao i ova redakcija već u prvim mesecima, primila veliki broj interesantnih i kvalitetnih priloga.

Časopis će i u narednom periodu objavljivati, osim tematskih, i priloge u ustaljenim rubrikama (Panorama, Prevod, Prikazi ...). Molimo autore da se pridržavaju novog Uputstva za pisanje radova i budu strpljivi, jer će pozitivno recenzirani radovi van temata morati, kao i do sada, da čekaju na publikovanje zbog velikog interesovanja za objavljivanje u našem časopisu.

Zahvaljujemo se prof. dr Dragoljubu B. Đorđeviću, glavnom i odgovornom uredniku i dr Draganu Todoroviću, sekretaru prethodne redakcije, koji su nesebičnim zalaganjem, i pravim odabirom tema, radova i recenzenata, doprineli da časopis stekne današnji ugled i da se svrsta u grupu najznačajnijih časopisa u zemlji. Istovremeno, urednika i članove ove redakcije stavili su pred odgovoran zadatak, da održe dostignuti nivo i odu korak dalje.

U ime redakcije časopisa

EDITOR'S LETTER

By this issue of the TEME Journal, the new Editorial board, elected at the end of 2011, makes its debut in the academic and professional public. Since there were many positively reviewed contributions 'waiting' for publication, we decided that this issue should contain primarily such papers, approved by the previous Editorial board. Therefore, we could say that this issue is the result of the joint efforts of the old and the new Editorial boards. By mentioning the number of 'inherited' papers we do not mean to criticize the previous Board, but to point out that the Journal regularly receives a really great number of interesting, high-quality contributions.

The journal will continue to publish thematic issues, as well as contributions in the well-established sections (Panorama, Translation, Reviews...). We invite the authors to submit contributions complying with the new Instructions for authors, and to be patient, because the contributions that belong within the scope of the thematic issues will be given priority over other positively reviewed papers, and also because there is a great number of authors interested in submitting papers for publication in our Journal.

We would like to thank Professor Dragoljub B. Đorđević, the previous Editor-in-Chief, as well as Dragan Todorović, the previous Editorial board secretary, for the great efforts invested in the Journal. The careful selection of thematic areas, appropriate peer-review procedures, and the quality of papers accepted for publication have brought the TEME Journal its high academic reputation and a high position among the most prestigious journals in the country. At the same time, this poses a great challenge for the present Editorial board – to maintain the achieved standards and, hopefully, make a step beyond.

On behalf of the Editorial Board
